THE ALL-NEW ISUZU D-MAX

ALL-PURPOSE RANGE

The All-New Isuzu D-Max combines smart new styling and improved off-road performance with impressive safety technology. Not only does it deliver the capability and durability you'd expect from an Isuzu pick-up truck, but this tough workhorse now adds superior levels of comfort and refinement.

“This D-Max is far more refined... it's smoother and quieter...and its cabin is a quantum leap forward.”

THE ALL-NEW ISUZU D-MAX **ALL-PURPOSE RANGE**

SMARTER.

The All-New Isuzu D-Max truly stands out thanks to its distinguishable and powerful appearance.

SMARTER EXTERIOR

The elevated front-end design and sharp contours generate an imposing presence, which is complemented by distinctive 18" alloy wheels and an assertive radiator grille. The rear bumper has an integrated step which provides easier access to the load bed.

SMARTER INTERIOR

The interior has been transformed with a new horizontal and layered dashboard design, giving a more spacious and contemporary feel. This, accompanied by soft-touch panelling and smart detailing, contributes to a more premium interior that's still fuss-free and practical to operate.

STRONGER.

Built to tackle the toughest shift, and true to its unquestionable workhorse pedigree, the All-New Isuzu D-Max delivers outstanding capability and durability.

THE ALL-NEW ISUZU D-MAX ALL-PURPOSE RANGE

“Isuzu is renowned for its 4x4 expertise and the All-New D-Max is even more capable off-road.”

Trade Van Driver

OFF-ROAD CAPABILITY

The D-Max delivers superior off-road capability thanks to its faster engaging shift-on-the-fly 4WD system and rear diff-lock, which is standard across the All-Purpose range.

800MM WADING DEPTH

The air intake system has been positioned higher in the engine bay, which provides an improved wading depth of up to 800mm.

TOWING & PAYLOAD

The All-New Isuzu D-Max is capable of towing up to 3.5 tonnes and carries an impressive payload of over a tonne, making light work of every-day graft.

SAFER.

Best-in-class safety features—plus a maximum 5 star NCAP rating—take pick-up safety to a whole new level.

THE ALL-NEW ISUZU D-MAX ALL-PURPOSE RANGE

REAR RADAR¹

STEREO CAMERA

BLIND SPOT MONITOR¹

ADVANCED DRIVER ASSIST SYSTEMS (ADAS)

FORWARD COLLISION WARNING

Monitors the road ahead and alerts the driver of a potential collision.

AUTONOMOUS EMERGENCY BRAKING

Automatically applies the brakes to either prevent an accident or reduce the severity of an impact depending on speed.

TRAFFIC SIGN RECOGNITION

Reads standard road signs ahead and displays any change in speed limit on the Multi-Information Display.

INTELLIGENT SPEED LIMITER

Keeps vehicle speed below the speed limit of the road it is travelling along.

LANE DEPARTURE WARNING

Alerts the driver if they are about to drift out of their lane.

LANE DEPARTURE PREVENTION SYSTEM

Adjusts steering direction to help prevent lane departure if the vehicle is about to depart its lane without indicating.

REAR CROSS TRAFFIC ALERT¹

Detects vehicles approaching from the left or right while reversing out of a parking space.

EMERGENCY LANE KEEPING¹

If there is a vehicle in the driver's blind spot when changing lanes, the system will adjust the steering direction to prevent the lane change and avoid the collision.

BLIND SPOT MONITOR¹

Detects vehicles in the driver's blind spot and alerts the driver via an orange warning light in the door mirror.

ADAPTIVE CRUISE CONTROL²

Enables the driver to set both the desired speed and the distance to the car in front.

LANE KEEP ASSIST²

Detects lane markings and makes necessary steering adjustment to help keep the vehicle in its lane.

AT PEDAL MISAPPLICATION MITIGATION²

Will suppress engine torque and issue a visual and audible warning if the driver suddenly accelerates in front of an object.

ADAS are driving support systems which may not operate optimally under all driving conditions or for all objects. The driver is always responsible for safe and attentive driving and observance of traffic regulations. See Owner's Manual for complete details on system operation and limitations. ¹Double Cab models only. ²Automatic transmission only.

DL20

The Isuzu D-Max DL20 is a versatile grafter that never backs down from a challenge.

**DOES EVERYTHING YOU
NEED AND MORE.**

CO ₂ emissions g/km	220	220	241	220	241
Emissions Class	Euro 6D				

¹MPG figures are EU test figures for comparative purposes and may not reflect real driving results. There is a new WLTP test used for fuel consumption and CO₂ figures. The fuel consumption and CO₂ emissions shown are based on the WLTP testing method. Only compare fuel consumption and CO₂ figures with other vehicles tested to the same technical standard. The fuel consumption you achieve in real life conditions and CO₂ produced will depend upon a number of factors including accessories fitted (post-registration), variations in weather, driving styles and vehicle load etc. ²Maximum payload capacity as defined by HM Revenue and Customs for VAT purposes. Payload is gross vehicle weight minus kerb weight. Kerb weights quoted are for vehicles with standard specification. Kerb weight and payload may be influenced by badge level, factory options and dealer fitted accessories. It is the responsibility of the vehicle operator to ensure their vehicle is legally compliant for road use.
